Royce Micro-Cap Trust, Inc. (NYSE-RMT) declares Third Quarter Common Stock Distribution of \$0.23 Per Share

Royce Micro-Cap Trust, Inc. (NYSE-RMT) has declared a quarterly distribution of \$0.23 per share on its Common Stock. The distribution, optionally payable in additional shares of Common Stock, or in cash by specific stockholder election, is to be paid on September 29, 2026, to stockholders of record at the close of business on September 11, 2026 (ex-dividend on September 11, 2026). The price of shares issued for reinvestment will be determined on September 18, 2026.

The Fund has adopted a Distribution Policy of paying quarterly distributions on its Common Stock. Distributions are being made at the annual rate of 7% of the rolling average of the prior four calendar quarter-end net asset values (NAVs), with the fourth quarter distribution being the greater of 1.75% of the rolling average or the minimum distribution required by IRS regulations. The policy, including the annual rate, is subject to change at the discretion of the Fund's Board of Directors.

The Fund's estimated sources of the distribution to be paid on September 29, 2026 and for 2026 year-to-date are as follows

Estimated Allocations as of August 31, 2026

Fund	Distribution Per Share	Net Investment Income	Net Realized Short-Term Gains	Net Realized Long-Term Gains	Return of Capital
RMT	\$0.23	\$0.00 (0%)	\$0.0075 (3%)	\$0.2225 (97%)	\$0.00 (0%)

Estimated Allocations for 2026 through August 31, 2026

Fund	Distribution Per Share	Net Investment Income	Net Realized Short-Term Gains	Net Realized Long-Term Gains	Return of Capital
RMT	\$0.63	\$0.00 (0%)	\$0.0204 (3%)	\$0.6096 (97%)	\$0.00 (0%)

You should not draw any conclusions about the Fund's investment performance from the amount of the current distribution or from the terms of the Fund's Distribution Policy. The amounts and sources of distributions reported herein are only estimates and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the Fund's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.

Fund Performance and Distribution Rate Information:

Fund	Average Annual Total Return (in relation to NAV for the 5-year period ending on 8/31/2026) ¹	Annualized Current Distribution Rate (as a percentage of NAV as of 8/31/2026) ²	Cumulative Total Return (in relation to NAV for the fiscal year through 8/31/2026) ³	Cumulative Fiscal Year Distribution Rate (as a percentage of NAV as of 8/31/2026) ⁴
RMT	11.81%	5.92%	36.14%	4.05%

¹ Average Annual Total Return in relation to NAV represents the compound average of the Annual NAV Total Returns of the Fund for the five-year period ended August 31, 2026. Annual NAV Total Return is the percentage change in the Fund's NAV over a year, assuming reinvestment of distributions paid.

² The Annualized Current Distribution Rate is the dollar value of the distribution for the current fiscal period, annualized as a percentage of the Fund's NAV as of August 31, 2026.

³ The Cumulative Total Return is the percentage change in the Fund's NAV from December 31, 2025 to August 31, 2026, assuming reinvestment of distributions paid.

⁴ The Cumulative Fiscal Year Distribution Rate is the dollar value of distributions for the fiscal year period (January 1, 2026 to August 31, 2026), as a percentage of the Fund's NAV as of August 31, 2026.

About Royce Micro-Cap Trust, Inc.

Royce Micro-Cap Trust, Inc. (the "Fund") is a closed-end diversified management investment company whose shares of Common Stock are listed and traded on the New York Stock Exchange. The Fund's investment goal is long-term capital growth, which it seeks by investing primarily in equity securities of companies that, at the time of investment, have market capitalizations of \$750 million or less.
